

SOI INSTRUCTIONS – Attachment 2

Evaluation Factors

A) Project Team: (35%)

Considerations:

1. Qualifications and ability of professional personnel (show years of experience and similar project experience)
2. Experience on similar projects as a team
3. Commitment of key members

B) Firm Capability: (25%)

Considerations:

1. Firm's size, organization structure, and flexibility
2. Production facilities and key capabilities such as CASS, MOSS, etc.
3. Firm's technical disciplines and the capabilities of sub-consultants included on the team

C) Approach: (15%)

Considerations:

1. How well does the firms' approach match CDOT's?
2. Do critical issues mesh with CDOT's?
3. Will they provide a consistent product?
