I have read the Chief Engineer Guidelines and they have been explained to me, and I accept the following conditions of employment:

I understand that, as a condition of employment into this position, I must obtain enrollment as an Engineer Intern by the Colorado Board of Professional Engineers and Land Surveyors (CBPE), if not already enrolled, within three years from the effective date of this appointment. I must also obtain my registration as a Professional Engineer by CBPE within eight years of the effective date of this appointment. I further understand that failure to obtain the required engineering enrollment and registration within the specified period of time may result in termination of my employment with CDOT.
