YES

NO

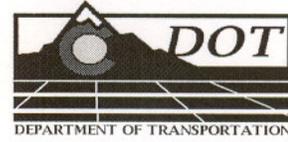

Comment / Question:

WE RECOMMEND LIMITING SHORT-LIST TO 3 TEAMS,
(WITH AN ABSOLUTE MAXIMUM OF 4),

THIS REQUEST IS MADE IN CONSIDERATION OF THE
TREMENDOUS INVESTMENT (IN EXCESS OF WHATEVER STIPEND IS PAID)
THAT EACH TEAM WILL NEED TO INCUR. FOR THAT REASON,
A SHORTLIST OF FIVE MAY MAKE THIS JOB MUCH LESS ATTRACTIVE
TO MOST TEAMS.

Comment / Question:

The main concerns for designer and contractors is the amount of dollar investments needed to win the project. The Letter stage is minimal. The RFQ investment sounds like this will be similar to a normal design pursuit. The real concern is how much time, thus money, needs to be spent to complete for the project. On a \$30 million project, this could be \$300,000 to \$200,000, when chance is only 1 in 4 or 5. This doesn't make sense from a business stand point.
