

Construction Project TELEPHONE TOWN HALL

I-25 North Express Lanes
Wednesday, July 9, 2014
7 - 8 p.m.

 = Project Work Area

**I-25 North
Express Lanes**

Please join Flatiron Constructors and the Colorado Department of Transportation for a telephone town hall **Wednesday, July 9, 2014** starting at **7 p.m.** to learn more about the next phase of work on the I-25 North Express Lanes Project.

Starting in mid-July, the clearance of the road on I-25 at the 88th Avenue bridge will change as the road below the bridge will be lowered by approximately one foot. The telephone town hall will cover information about new traffic patterns, detours and the method that will be used.

Listeners also will have the opportunity to ask questions of the project team during this hour-long telephone town hall. **To join the call, dial 877-229-8493 and enter the code 112034#.**

The I-25 North Express Lanes Project began in September 2013 and is slated for completion in September 2015. This project will provide a choice to people traveling this busy corridor by giving them an option to pay a toll and save time when traveling. This choice also works to decrease congestion in the general purpose lanes, providing relief for all.
