Explain: This property became a NR in 1989 for Criterion C. There have been no changes or impacts to this property that has affected its historic integrity.
14. **Management Recommendations:** CDOT recommends that the SH 82 Entrance to Aspen project follow mitigation measures as outlined in the ROD during improvements to Main Street corridor. The improvements will be within the right-of-way, which will not impact the resource. However, when and if the LRT is constructed, SHPO and the Aspen Historic Preservation Commission should review the design drawings for the LRT overhead lines and medians in its vicinity. This is outlined in the ROD as part of the mitigation.
