

## TEMPORARY LANE CONFIGURATION AND LANE RESTRICTIONS Dec. 4-6

As part of the US 36 Express Lanes Project, the Colorado Department of Transportation will realign both eastbound and westbound US 36 traffic into a temporary split-lane configuration (shown below) this weekend starting at 7 p.m. on Friday, Dec. 4, and ending at 5:30 a.m. on Sunday, Dec. 6, to complete pavement repairs. Traffic will be realigned into a new configuration using the Express Lanes as a free general purpose lane.

### Current Traffic Alignment

### Weekend Temporary Alignment

To accommodate the traveling public and maintain two general-purpose lanes, all tolls will be waived only at the locations where the temporary weekend alignment is in place. Drivers traveling eastbound will navigate through the split-lane configuration from Interlocken to Wadsworth Parkway. Drivers traveling westbound will navigate through several split-lane configurations between 88th Street and Federal Boulevard. In addition to the split-lane configurations, westbound US 36 will also include daytime left lane closures between Federal and Sheridan Boulevards. Two lanes of traffic will be open at all times. All US 36 on- and off-ramps will remain open. Some delays and slowing should be anticipated and extra travel times are advised. For more information about the project, call 303-404-7042 or go to [www.codot.gov](http://www.codot.gov) or our mobile website at [m.us36expresslanes.com](http://m.us36expresslanes.com).
