RE: Potential Implementation of an Owner Controlled Insurance Program (OCIP)

To: Submitters of Letters of Interest

Notification is hereby provided that The Colorado Department of Transportation (CDOT) may, at its election, implement an Owner Controlled Insurance Program ("OCIP") which may include coverage for Workers Compensation, Commercial General and Excess / Umbrella Liability, Contractors Pollution Liability, Builders Risk and, in the case of Design/Build contracts, Professional Liability insurance coverage for the Project. CDOT reserves the right to determine who participates in the OCIP.

Further clarification and definition of the OCIP, if implemented, shall be identified in the Request for Proposals when released.

A handwritten signature in blue ink, appearing to read "Kevin Sullivan".

Kevin Sullivan, Project Director  
Colorado Department of Transportation  
Region Six
