

NOTICE OF CLOSURES

NIGHT CLOSURES AT I-25 & FILLMORE STREET

Interstate 25 will close in Colorado Springs for two nights in November and December to accommodate work on the I-25 & Fillmore Street Interchange project .

On Monday, November 30, and Tuesday, December 1, from 9 p.m. to 5 a.m., both northbound and southbound I-25 will be closed at the Fillmore Street exits.

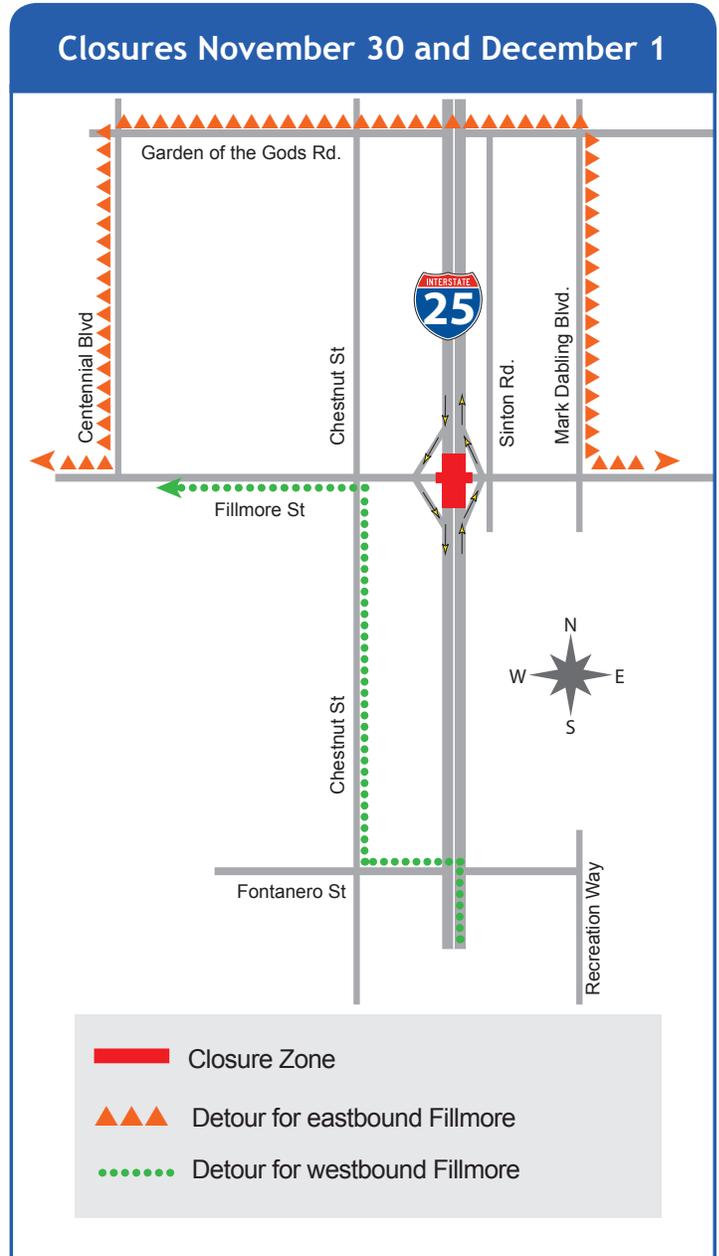

During this time, crews will set bridge girders for the eastbound Fillmore Street bridge structure over the interstate, marking another major milestone on the project. These closures will be in place to ensure the safety of the traveling public, so motorists do not drive through the construction zone while crews set girders above the highway. Each girder weighs approximately 180,000 pounds – more than the weight of two semi trucks and their trailers combined.

Detours: At Fillmore Street, I-25 through traffic will be detoured off the highway at the off-ramps and routed back onto the highway using the on-ramps. Fillmore Street will be closed both eastbound and westbound between the I-25 northbound and southbound ramps. Motorists can turn right off the ramps, but will not be able to turn left onto Fillmore Street. Delays of up to 15 minutes can be expected.

There will be signed detours along I-25 to direct motorists around the work. Detours will include utilizing the Garden of the Gods and Fontanero exits.

Upcoming Work: After the bridge girders are set, crews can install bridge deck panels, which will be installed on December 2-3, weather permitting. Bridge deck panel installation will occur between 9 p.m. and 5 a.m. During this time, westbound Fillmore Street will be closed. Eastbound lanes will remain open. Various intermittent lane closures on northbound and southbound I-25 can also be expected during this installation. The bridge work is part of a CDOT interchange reconstruction project, which is on schedule for completion by summer 2016.
