

Project Update: Week ending June 10, 2016

Short workweek paves the way for a long weekend of fun!

It's going to be a short work week for ACC as crews only work through Tuesday so you can celebrate the Telluride Bluegrass Festival.

Until the fun weekend begins, ACC will have a full closure of Clinton from Lena to Cora as we build curb, gutter and roadway. We will remove that closure on Tuesday night and will follow up with paving in a couple of weeks. ACC will not immediately move into the next block of Clinton, as previously planned, since we are getting into the busy summer tourist season. Crews will instead dive into the work on Railroad Street and return to Clinton in the fall. ACC will also recess work on SH 162 until June 21.

There will be significant pedestrian traffic in town over the long weekend. Please alert us via [email](#) if you see a poorly marked hazard or if someone removes marking devices. We also encourage everyone to only cross streets at marked crossing areas and stay out of the workzone as hazards within the work area will not be marked for the general public.

For more information about the Telluride Bluegrass Festival, visit the [festival website](#). Thanks, and have a great time.

Please be alert to personnel in the work zone and drive slow through the cone zone!
