U.S. 50 WEB SITE NOW INCLUDES QUESTIONS & ANSWERS

PUEBLO, Colo. (December 15, 2005) – In response to requests from the communities along U.S. 50, the Colorado Department of Transportation (CDOT) has added a new feature to its U.S. 50 Corridor East web site, www.us50east.com. The *Frequently Asked Questions (FAQs)* section will allow the general public to view commonly asked questions and answers about the U.S. 50 Corridor East project, such as:

- What is an environmental impact statement?
- How long will the project take?
- How can I stay informed, get involved and/or submit comments?

The project team encourages individuals to submit additional questions by logging onto the web site and navigating to the *Contact Us* section.

For more information about the U.S. 50 Corridor East Project, please contact Lori Nakanishi at (719) 520-5800 or visit the U.S. 50 Corridor East Web site at www.us50east.com.

The U.S. 50 Corridor East Project is focused on planning the future of transportation in the Lower Arkansas Valley. CDOT is *Partnering for Progress* by bringing together communities, public officials, regulatory agencies and citizens to identify a corridor location for an improved U.S. 50 that effectively balances the diverse needs.
