

Interagency
TASK FORCE
ON **Drunk Driving**

Meeting Minutes
July 19, 2013

Opening Statement: 9:04 – Chief Ticer

Reads Mission of Task Force to remind all why we are here and doing what we are doing.

Introductions: 15 of 17 members are in attendance therefore we have a quorum.

Public Comment:

Michael Elliott: Mark Silverman, Dr. Schmitz are guests today and have clever ideas of ways to help protect public safety in the case of DUID.

Marc Silverman: Developed application as a public service that will run on any IOS device that will measure balance reaction and memory reaction. It will compare the results to a personal baseline and will give feedback as to whether they should drive or not.
Checkplusbalance.com or email marc@checkplusbalance.com

Steve Schmitz: (Clinical Psychologist) has worked on a Canadian Cognitive study that helps predict if someone is able to drive with 90% accuracy. We have been working on and testing an application for DUID drivers. driveableusa.com

Meeting Minutes:

p.5- Maroney: My name is spelled wrong and it should be EUDL grant (Enforcing Underage Drinking Laws)

Meeting minutes are accepted.

KPI Update:

Davis: It appears that DUI rates may be trending upward. But the CSP is showing a decrease in common code 800 arrests.

Legislative Update:

Young: Some concerns about the state lab and we are watching it closely. I am also on the tobacco review committee for amendment 35 and will be attending that meeting next month.

Media Relations:

Heat Is On Campaign update.

*PowerPoint will be sent out to members

Ticer: Remember the *nodui.com* website

Work-group Update:

Criminal Justice Work Group – Chair Judge Celeste:

- First priority- Investigate and look into the Rapid Electronic Warrants
 - Possibility of PD Officers doing their own blood draws
 - Labs and lab work
 - Best Practices
- Look at statutes and simplify them if possible
- Look at BAC testing and add DUID into the mix
- Change the name of the task force to Inter-Agency Task Force on Impaired Driving

Hooper: I would specifically like to see the name change for the task force. We also need to look at changing the phrase “Persistent Drunk Drivers”.

Gray: I believe that “Drunk Driving” stays in the name and another task force is created for “impaired or drugged driving”

Wilfong: Public awareness- We maybe need to look at changing the household name.

Judge Celeste: We are moving priority four up to priority two.

Criminal Justice – :Get Legal Initiative & Roadside Advisement Sub Group – Chair Steve Hooper

Hooper: Will be adding a “Get Legal” portion to the *noduicolorado*.website

- Is “Get Legal” a good nomenclature for this
- What are the obstacles outside of licensing
- The Roadside Advisement group will be a quick meeting.

Gray: Are there other states that have tried the licensing after one month with an inter-locken device?

Hooper: There are other states, and we are behind the curve.

ITFDD Statewide Impaired Driving Plan and Program Management and Strategic Planning Work Group – Chair Glenn Davis

*See attached PowerPoint

Ticer: This is an opportunity for all of us to make a difference in all of these programs.

Prevention Work Group – Chair Ellen Anderson

*please see hand out.

Communications Work Group – Chair Emily Wilfong:

*Attached PowerPoint

Alcohol and Other Drug Misuse – Chair Michael Elliott: -

- Screening an assessment
- LE and Medical as well
- People slipping through the cracks and not being observed
- Education in the medical field
- Funding
- Funding and the new Affordable Act
- Monitoring
- Data Issues-Alcohol and drug results are not consistently available
- Gap for high risk offenders
- Potential accessible issues- especially in rural area
- Dealing with Marijuana and impaired driving
- Per De or Permissible Inference
- Public Education Piece
- How to responsibly use Cannabis
- Marc Silverman and Dr. Schmitz spoke about getting more object ways of determining impairment other than blood.
- Safety restraint and impaired driving
 - Glen Davis and Chief Ticer will take on the restraint issue with Dr. Weltzer.

Program Evaluation and Data - Chair Jan Hart

*see attached PowerPoint

Ticer: There are other states in this country that are going to be seeking answers from us in the future.

Colling: Probation data information

*See handout

Lightening Round:

Young: Thank you to all of you. You make this easy.

Johnson: September 20th is Global Beer Drinking Awareness Day- for Designated Drivers- Wear Red

- August 10th a Responsibility Tent will be at the Georgetown Marathon

Flavia: The Persistent Drunk Driving committee will update the nodui website with marijuana information- if you have input please let me know.

Timken: Abstract of important study- University of Northern Kentucky, Vodka study- 18% higher BAC with diet soda than any other mixer.

- DSM4 vs. DSM5 and treatment system

Elliott: Professor Reese's study is now published in the Journal of Law and Economics

Uristoe: Smoking Alcohol email- have you heard of this?

Wilfong: A plug-in I phone Breath-a-lizer.

Pierce: Aug 3rd –Walk Like MADD annual event- everyone is invited

Gray: Thanks to everyone.

McEvoy: Providing free of charge signage that states “No one under 21 allowed without parent or guardian”

- Reaching out to “Uber” to get free rides home
